

Office Memorandum • UNITED STATES GOVERNMENT

TO : Management Officer

FROM : Chief, Administrative Staff/ORE

SUBJECT: Adjustment of ORE T/O

DATE: 12 Apr 49

1. It is requested that the T/O of the Economics Group be reduced one P-8 and that Global Survey Group be increased one P-8.

2. The P-8 to be transferred from the Economics Group is that position currently allocated for communications.

3. By transferring this position to the Global Survey Group, the status of that Group is returned to the strength which was originally requested. It is the opinion of the Assistant Director, Reports and Estimates, that it is more necessary to have Global Survey Group at full strength rather than a P-8 for communications.

*Hold for review for the
notice of the R*
